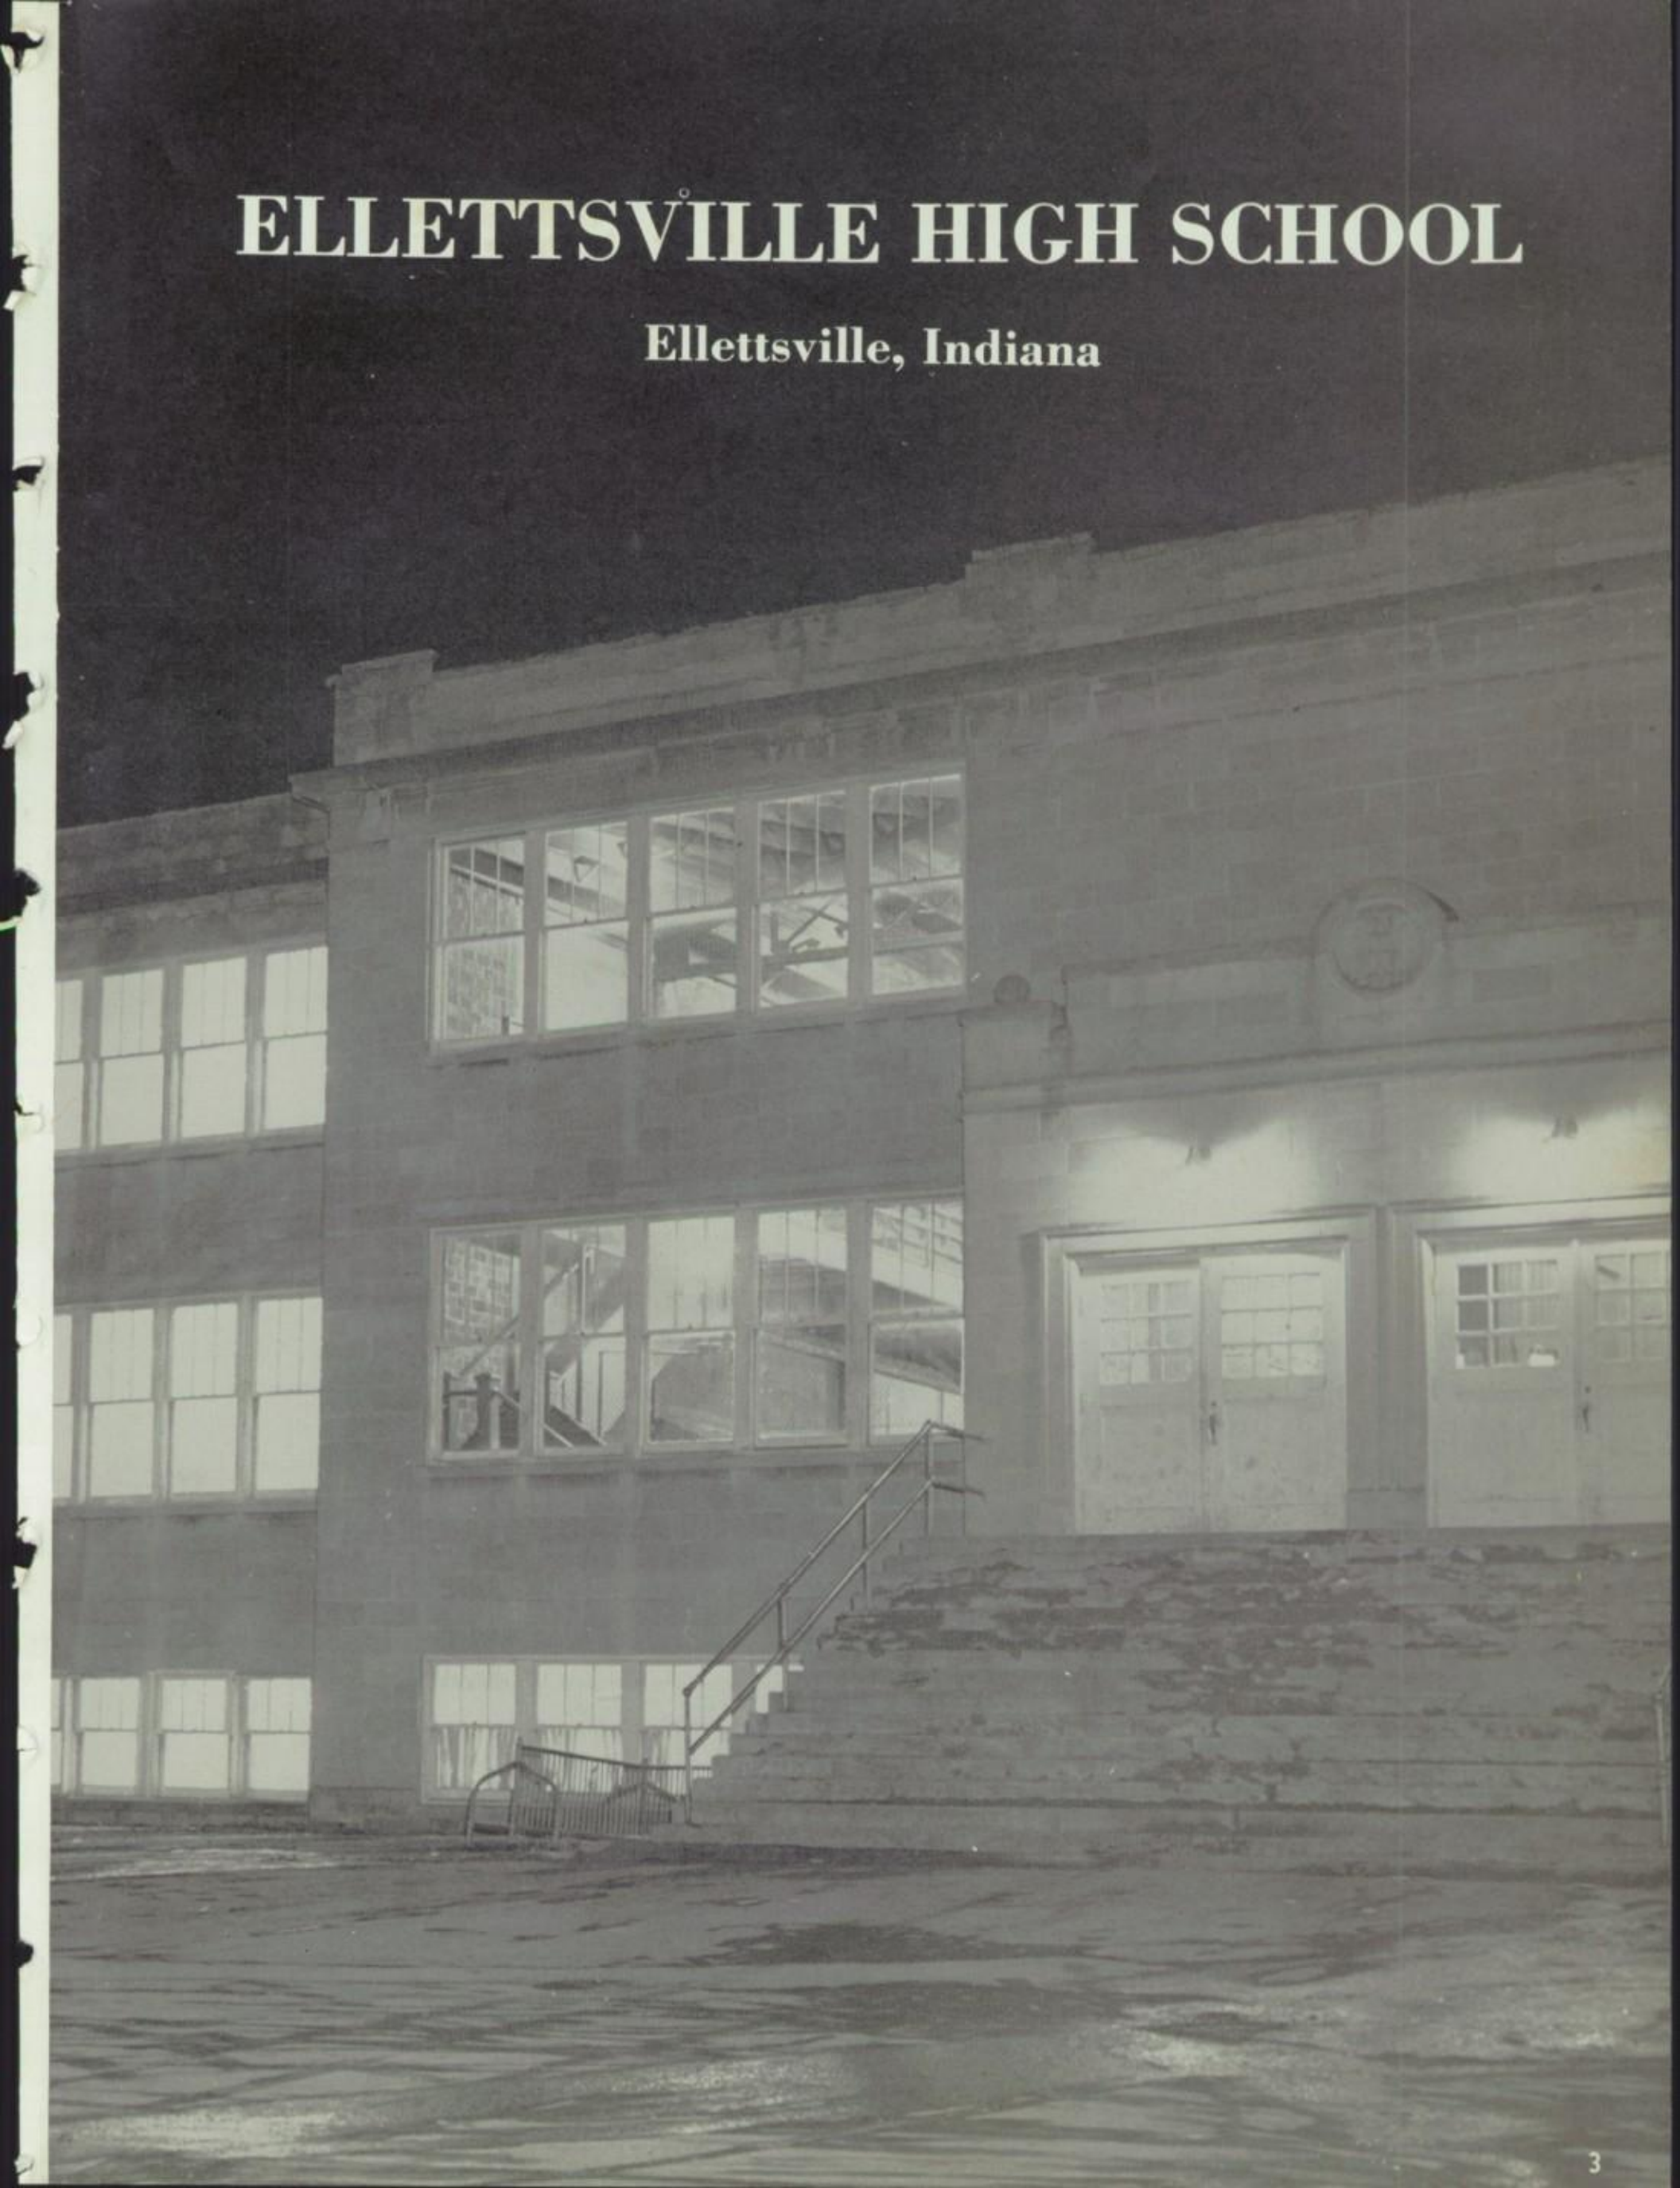
ELLETTSVILLE HIGH SCHOOL

Ellettsville, Indiana



Ever Changing

Ellettsville School is changing greatly in population. At present it boasts an enrollment of 1,080 smiling faces (as pictured on the end papers), almost double that of 1958. After the forty-one hard-working seniors are graduated this year, not one class remaining has less than sixty-three students. Although the senior class is small in proportion to the rest of the school, it would appear huge to the one lone graduate of 1887.

When more students come to a school, inevitably new buildings are needed. In 1957 a wing of eleven rooms was added to the old building for the elementary children. Since this building was outgrown in three years' time, in 1960 the kindergarten and the first, second, and third grades moved into a new home on the hill behind the old high school. Today E.H.S. is once again hurting for space. As a second story to the wing was recently approved by the State Board of Tax Commissioners, construction will soon begin on this latest addition. But even so, the problem of insufficient space will be remedied for only the next few years. A new high school building and gymnasium would be a dream come true for all of Ellettsville and Richland Township.

Senior Memories

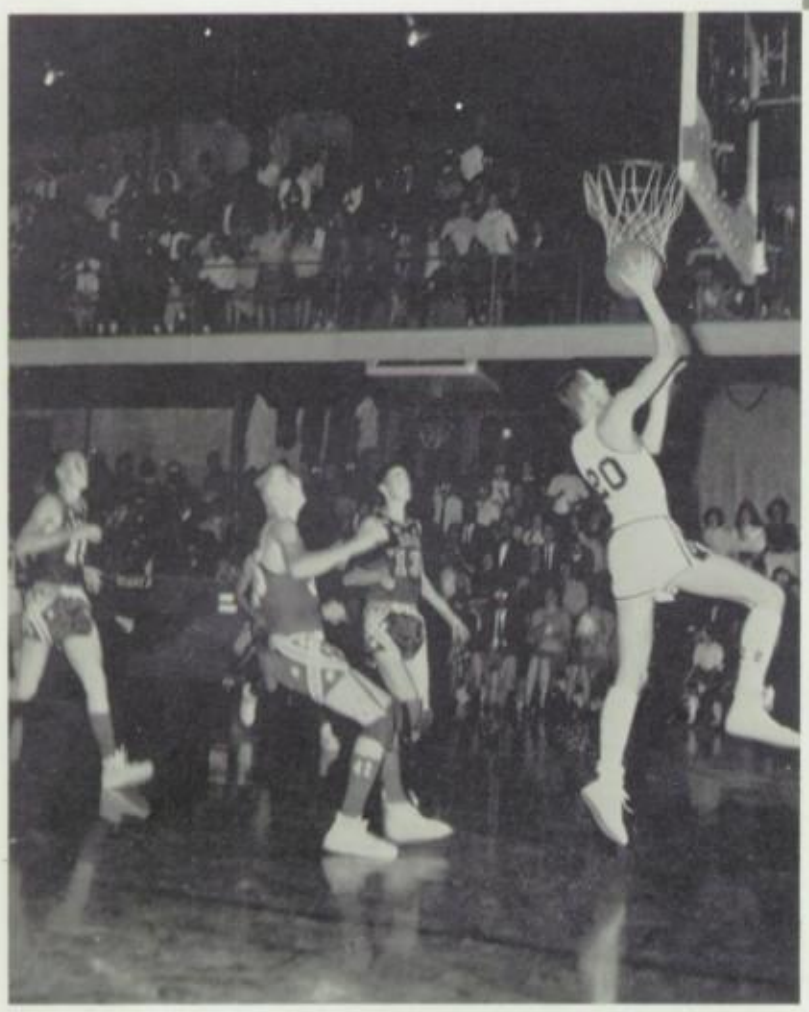
For the 1963 graduates the past twelve years hold many happy memories. The most vivid ones, of course, began in September, 1962. At 8:15 every morning, there was an early rush of school bus riders and students who walk or drive to reach their lockers in time to have a few minutes of visiting with their classmates before the ringing of the 8:30 bell. As soon as the morning gossip had been exchanged, all students hurried to get to class on time, longing for the lunch hour when once again they could talk.

At 12:15 their wish came true. While eating a hearty meal in the cafeteria, they found ample opportunity for a "gab session." The fast eaters always found time to patronize the junior concession stand and dance in the "Eagle's Nest." But the poor unfortunate few who were always the last to be served and leave the cafeteria barely avoided being tardy to their fifth period class.

Very few students remained to be seen in the halls after 3:25; unless, of course, it was the LLAMARADA staff toiling away!

Community Participation and Night Life

E.H.S. is always alive with the voices of energetic souls. From the magic of the Monroe County Fall Festival in September with its many beautiful floats and its proud Queen . . .



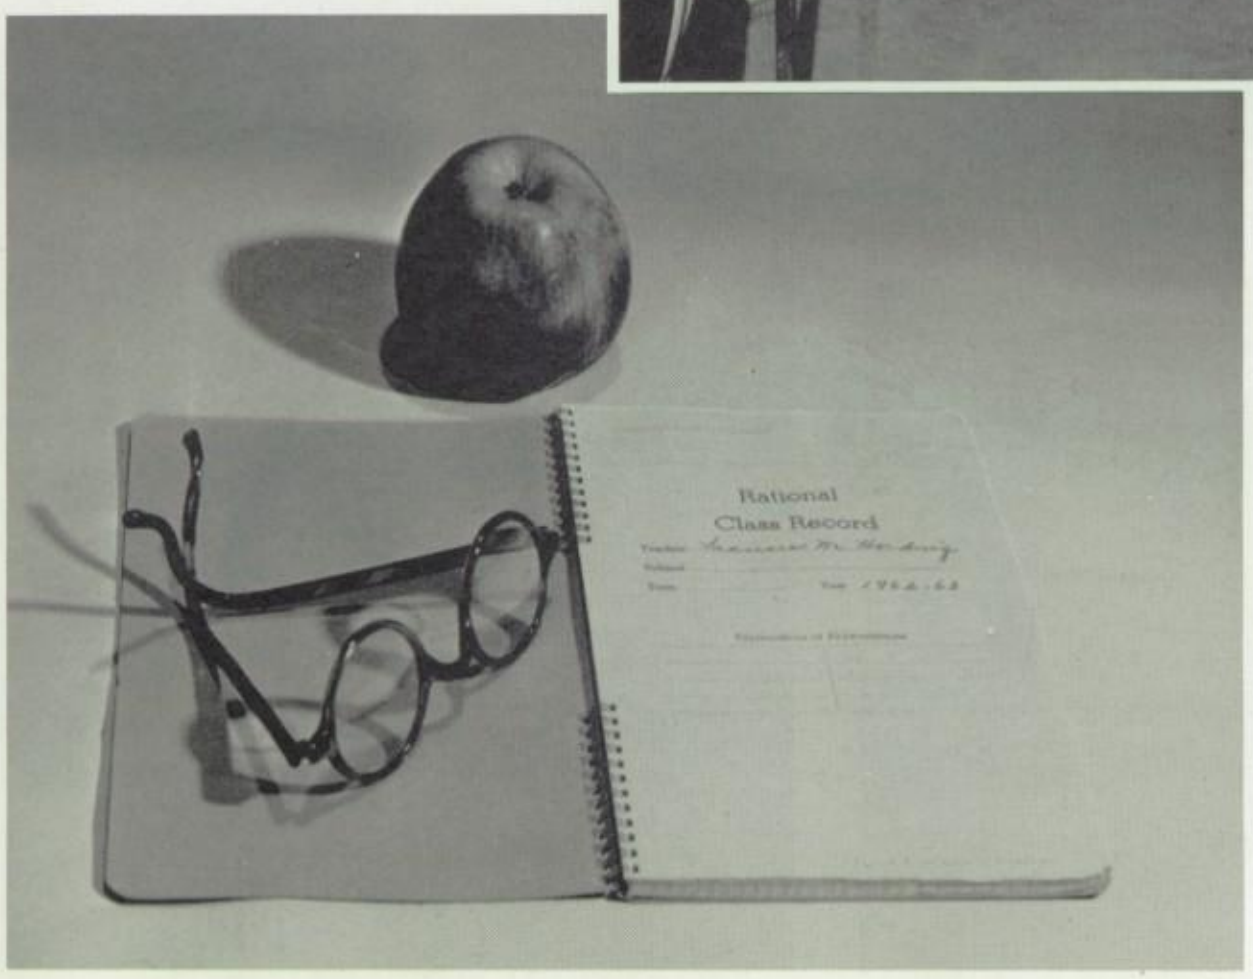
. . . to the enthusiastic practices of the basketball boys, so eager to satisfy their fans' Hoosier hysteria, the school is a constant source of activity. Few seem to realize just how much time a student spends on extracurricular activities—unless, of course, it happens to be teacher who blames poor grades on time spent on matters other than studying. Many have said that school would be a very dull place without clubs and such interests. Truer words were never spoken!! F.H.A., G.A.A., Pep Club, Radio and Press Committees, Chorus, Band, Basketball, Baseball, Track, Cross Country, and the LLAMARADA Staff all are very much a part of learning.

A Note From the Staff

We, the 1963 LLAMARADA Staff, have worked hard to produce a yearbook of which all students can be proud. In spite of delays due to break-downs in the heating system, sub-zero temperatures, and other hindrances, we surmounted our problems and produced, in our estimation, a yearbook of superior quality. It is meant to be an historical record of the 1962-63 school year and thus a treasured keepsake, especially for the seniors. As the story unfolds with the turning of these pages, we hope that Ellettsville School will come alive to the readers. If so, we have accomplished our purpose.

The Monroe County Fall Festival always adds a bit of spice to the lives of Ellettsville students. They thoroughly enjoy themselves from the time actual preparation begins on designing floats and putting up tents to the closing night.

Students participate in the Festival in many ways. The seniors operate a food stand and in this way earn money for their senior trip. Most classes and clubs enter floats in the Education Day Parade. The Golden Eagle Band marches in both parades and also plays a stage concert. Last year an Indian show was performed by the majorettes. The school chorus sang during the historical pageant in which many students performed. But perhaps even more enjoyable than all of these is just the thrill of watching!



Administration and Faculty

Principal Clarence Stewart

Mr. Stewart was graduated from Smithville High School in 1922. Later he acquired a B.S. degree from Central Normal College and an M.S. degree from Indiana University. His teaching experience includes approximately forty years in Clear Creek, Indian Creek, and Richland Townships in Monroe County and Marshall Township in Lawrence County. He also has been principal at Hymera School in Sullivan County. In 1951 he became superintendent of Monroe County schools, and from 1957 to 1961 he was attendance counselor for the Bloomington Metropolitan Schools. Mr. Stewart has been principal of Ellettsville High School three times: from 1938 to 1943; from 1945 to 1951; and again since 1961.

CLARENCE STEWART
PRINCIPAL

I wish to congratulate the members of the graduating class of 1963. The quality of this class will be hard to equal or surpass. Much of our future will be in their hands.

Did someone question the cost of educating them? What is the alternative? It would be growing numbers of inadequately educated and thus less productive members of society. Which is really the greater burden: developing the skilled, self-sufficient young boys and girls or bringing up a future generation of unemployables who would be a burden on society? Everyone knows that the number of jobs which can be filled in our economy by inadequately educated people is declining because of automation even while our total population mushrooms.

We should not and must not think of large numbers of students as a problem; they are a blessing! For effectively trained and properly educated, our future generations represent our greatest resource and our major hope. For two hundred million people, uneducated, cannot protect what they hold dear in a world of three billion people. We must excel in trained and educated brain power. We can hope to meet this grim challenge through the efforts of our great American school system.

If we agree that our children are our greatest resources, then we must insist on adequate building facilities properly equipped with sufficient supplies for educational purposes. We must have a comprehensive curriculum that will offer the best structure and content for fulfilling the American ideal of adequate educational opportunities for all youth. We must have competent teachers who maintain their tenure on the basis of merit. We must have a local trustee or school board that is interested in the full education of all our youth. We must have a citizenry that is interested in providing quality education for its youth and is willing to pay for it. We must have administrators who are resourceful—who can exercise educational leadership that is astute enough to hold on to the best of the old and try out the most promising of the new.

This is our challenge. Can we measure up to it?

Best wishes for your future,

Clarence Stewart

Class History

In 1951 this year's seniors were delivered into the capable hands of Mrs. Leota McNeely and Mrs. Gledith Baynes for their first taste of school. Having mastered the ABC's and carried home several word sheets, they were promoted to the second grade where they devoted themselves to learning how to read and write from Mrs. Martha Frye. The third grade brought the novelty of a "split room" and a new subject, arithmetic. Mrs. Fane Steinbeck and Mrs. Beatrice Tapp soon passed them on to Mrs. Frances Deckard in the fourth grade where they tackled world geography and map drawing for the first time. Miss Lillian Lockridge and Mrs. Marjorie Carter helped them to sell seeds in the fifth grade for a trip to Spring Mill Park. Mr. Gilbert Hudson and Mr. Arthur Winslow paused in their sixth grade instruction to plan a trip to Bradford Woods. Weather conditions made the class settle for a damp day at the Morgan-Monroe State Forest.

Mrs. Beatrice Overstreet helped the seniors take the big step from elementary to junior high where they experienced the excitement of changing classes, teachers, and rooms. The seventh grade also offered trips to the Coca-Cola Bottling Company and the Johnson Creamery in Bloomington and the Grassyforks Fish Hatchery in Martinsville. Mr. John Holmes sponsored the class in the eighth grade when they climaxed their study of Indiana history with a trip to Vincennes. Mr. Dennis Grafe guided them through their first year of real high school with parties, elections, and the traditional Freshman Banquet which had a Dutch theme.

The big event of the sophomore year was the choosing of class rings under the guidance of Mr. H. C. Weathers and Miss Frances Harding. Then Mr. Weathers returned to sponsor the class through their busy junior year with the sale of candy, combs, and magazines, the operation of the concession stand, the production of "Grandpa Goes to College," the planning of the Prom, and the choice of National Honor Society members with the assistance of Mr. Richard Bishop.

Mr. Weathers is with us again this year and is assisted by Mr. Michael Knight. They are helping to plan the senior trip to New York and Washington, D. C. The seniors have been a happy group through their twelve years. They've lost a few and gained a few. Now numbering forty-one, they can look back over their participation in sports, clubs, LLAMARADA, and other activities with pleasure mixed with the proper sadness of graduation.

These hard-working senior officers do a good job of managing the business affairs of the class: Charles Mayo, vice-president; Patty Neill, treasurer; Gordon Gibson, president; Lou Ann May, secretary; Jane Bowles, secretary.

Strike a pretty pose.

". . . and the vampires came from their humble abode . . ."

The Golden Eagles' Band, under the direction of Mr. James Thrasher, has grown to a total membership of eighty. The band members and Mr. Thrasher have put in long hours of hard practice to present concerts and marching shows throughout the year. They have marched at the Fall Foliage Festival in Martinsville, the Fall Festival in Columbus, the Monroe County Fall Festival in Ellettsville, and they participate each year in the State Fair Band Contest. A combination of this hard work and a dash of originality have won many first place trophies and ribbons for the band. The students of E.H.S. and the citizens of Ellettsville are justly proud of their Golden Eagles' Band.

Last minute preparation for the contest.

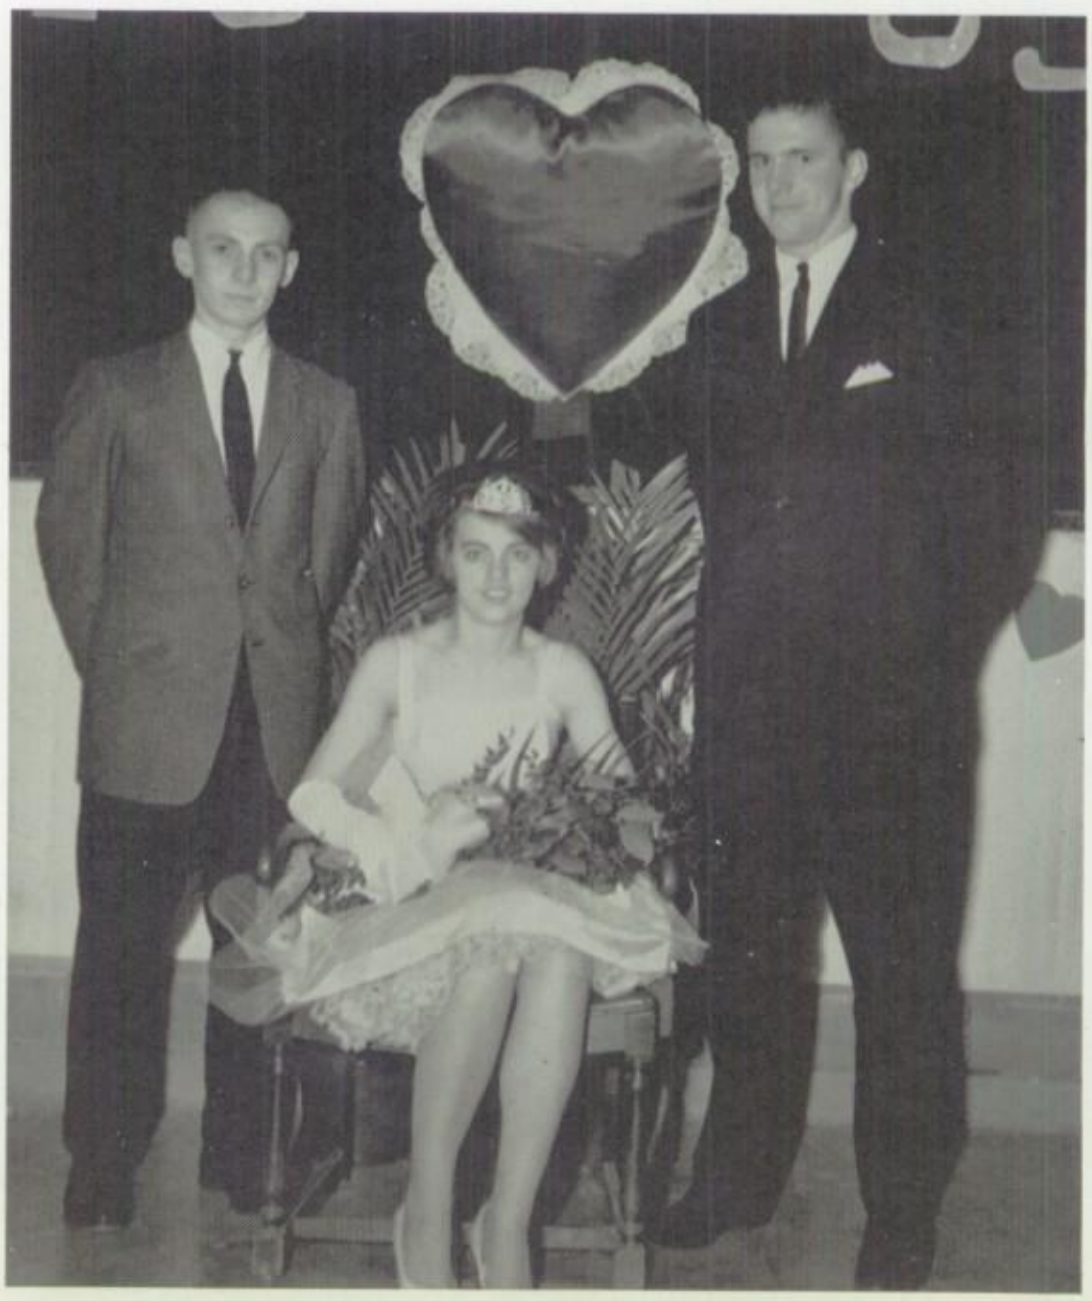
Awards that can be earned are pins, numerals, letters, sweaters, and state plaques and are based on a point system regulated by the state organization.



Queen Genople Smith was escorted to her coronation by Co-captains Don Burch and Danny Dennison.

Our future band members are "taking five" from their practice session.

Can we squeeze this picture into our tight schedule, Mr. Pietzuch?

Here

Is this the way you make your class money, boys?

and

Anyone for a nap? This bookkeeping is getting me down.

There

This appears to be a solo.
